Everybody On

HP webOS Bluetooth Keyboard

Shortcut to saving energy

Ultra-slim and compact, with optimised webOS shortcut keys, the HP webOS Bluetooth Keyboard offers intelligent power management, powering down automatically when it's not in use or out of BT range.

- **Intelligent, effective power management**
  We all need to save energy where we can – and our keyboards do it automatically. The HP webOS Bluetooth Keyboard powers down when it's not in use, or if the device is out of BT range – ensuring you only use power when it's really necessary.
- **Elegant, compact design**
  Need to save space on your desk? The keyboard has an ultra-slim, compact yet full-pitch design, with low-profile keys for quiet, comfortable typing. It's just what you need if you have limited space – or if you simply appreciate sleek, modern design.
- **Shortcuts to efficient typing**
  Doing a lot of typing on your HP TouchPad? Then you'll appreciate the HP webOS Bluetooth Keyboard. Optimised for webOS with specific shortcut keys, it makes things a lot easier when you've got large amounts to write. And it looks cool, too.
